With so much confusion about the role of men in our society, it's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller <i>Bringing Up Boys</i> , Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

These are just some of the challenges that girls face today—and the age at which they encounter them is getting younger and younger. As a parent, how are you guiding your daughter on her journey to womanhood? Are you equipping her to make wise choices? Whether she's still playing with dolls or in the midst of the often-turbulent teen years, is she truly secure in her identity as your valued and loved daughter? In the New York Times bestseller <i>Bringing Up Girls</i> , Dr. James Dobson will help you face the challenges of raising your daughters to become strong, healthy, and confident women who excel in life.

Providing you with the necessary tools for successfully managing the difficult child, the book covers specific factors that cause or contribute to a child's disruptive behavior; ways to develop a more positive atmosphere in your family and home; actual reports by parents of difficult children; strategies for managing specific behavior problems; how to tell if your child might have ADHD; and more.

Love Must Be Tough James C. Dobson,2010-12-22 You've forgiven a thousand times. You've bent over backwards to make your partner feel loved and accepted. But the only reward for your loyalty has been anger, indifference, infidelity, or abuse. Your spouse may even be ready to walk out the door. Do you feel like all is lost? Are you ready to give up? There IS still hope. Dr. James Dobson's "tough love" principles have proven to be uniquely valuable and effective. Unlike most approaches to marriage crisis, the strategy in this groundbreaking classic does not require the willing cooperation of both spouses. Love Must Be Tough offers the guidance that gives you the best chance of rekindling romance, renewing your relationship, and drawing your partner back into your arms.

Summary of James C. Dobson'sThe New Strong-Willed Child Everest Media,2022-06-13T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The strength of the will is a characteristic that some children seem to be born with. These children are easy to raise, and they never spit up on the way to church. #2 The Strong-Willed Child was written in 1978, and since then, much has changed with regards to how we raise children. The book was revised to reflect this new information. #3 The author's original intent was to help parents raise strong-willed children, but today's parents are facing many more challenges than they did when the book was first written. They need a well-designed game plan to navigate through those challenges. #4 The author's friend was a recreational pilot who flew toward his home base when he was younger. He could not see the hazy runway below because of the sun's setting behind a mountain. He flew his plane around in the blackness of the night, afraid of death.
