<u>Peter and the Secret of Rundoon</u> Ridley Pearson,2010-11-23 In this action-packed third installment in the Starcatchers series, Peter and Molly find themselves in the dangerous land of Rundoon, ruled by an evil king who enjoys watching his pet snake consume those who displease him. But that's just the beginning of problems facing our heroes, who once again find themselves pitted against the evil shadow-creature Lord Ombra in a struggle to save themselves, not to mention the planet
<i>Peter and the Starcatchers</i> Dave Barry,Ridley Pearson,2006 In this prequel to the classic tale of Peter Pan, an orphan boy named Peter and his mysterious new friend Molly overcome bands of pirates and thieves in their quest to keep a fantastic secret safe and save the world from evil.
The Bridge to Never Land Dave Barry,Ridley Pearson,2011-08-09 One summer morning while Aidan and Sarah are visiting their grandfather, they discover a secret compartment in his battered wooden desk. Inside is a yellowed envelope that contains a piece of very thin, almost translucent, white paper, on which, handwritten in black ink, are a series of seemingly random lines; among them are what appear to be fragments of letters, but not enough to make sense. At the bottom of the page is a verse about Peter Peter and a reference to a real hotel in London. As it happens, the family is about to embark on a trip to Europe, so the children decide that while in London, they will try to locate the hotel.

Peter and the Secret of Rundoon Dave Barry,Ridley Pearson,2009-06 Peter and Molly, fearing that the sinister Lord Ombra was not destroyed, travel to the land of Rundoon, which is ruled by the evil King Zarboff
Peter and the Shadow Thieves Dave Barry,2010-11-23 In this riveting and adventure-packed follow-up to Peter and the Starcatchers, we discover Peter leaving the relative safety of Mollusk Island—along with his trusted companion Tinker Bell—for the cold, damp streets of London. On a difficult journey across the sea, he and Tink discover the dark and deadly, slithering part-man/part-creature Lord Ombra. It seems that the dreaded Ombra has a variety of mysterious powers including the ability to make shadows disappear.
<i>Peter and the Sword of Mercy</i> Ridley Pearson,Dave Barry,2010-11-23 The year is 1901--it's been twenty-three years since Peter and the Lost Boys returned from Rundoon. Since then, nobody on the island has grown a day older, and the Lost Boys continue their friendship with the Mollusk tribe, and their rivalry with Captain Hook. Meanwhile in London, Molly has married George Darling and is raising three children: Wendy, Michael, and John. One night a visitor appears at her door; it's James, one of Peter's original Lost Boys.

Peter and the Starcatchers Blood Tide Ridley Pearson,Dave Barry,2008-09-16 When an earthquake strikes Neverland Island, things quickly go very wrong. The Lost Boys' underground hideaway is flooded, forcing them to leave. Meanwhile a mysterious barrel washes ashore and falls into the hands of the pirates. When their leader, Captain Hook, finds out what's in the barrel, he hatches an evil plan. But worst of all is the change in the mermaids. These once-peaceful friends of the natives have turned violent, using their needle-sharp teeth to attack anybody who goes into the water. When they injure some members of the native Mollusk tribe, the Mollusk leader, Fighting Prawn, feels he has no choice but to fight back. As the warriors prepare to attack, the Lost Boys and the chief's daughters, Shining Pearl and Little Scallop, set off on a secret mission to try to make peace with the mermaids. Instead they're captured by the mermaids, and while in captivity they discover the cause of the problem - the Blood Tide, which is poisoning the lagoon and will eventually kill the mermaids. With time running out, they must try to stop the tide and save the mermaids, as well as themselves. But to do so, they must deal with Captain Hook, whose plan threatens to destroy the Mollusk village and change life on Neverland Island forever.

Cut and Run Ridley Pearson,2006-03-01 A spellbinding thriller pitting a U.S. federal marshal against the mob's most resourceful killer--in a race to save the woman he loves Six years ago, witness protection marshal Roland Larson did the unthinkable: He fell in love with a protected witness, Hope Stevens, whose testimony was to put away prominent members of the Romero crime family. When Hope's plan to cut and run is interrupted by both the government and the mob, she disappears into a new identity, taking with her not only her testimony but also a secret never shared with Larson. Larson, who has been looking for her ever since, is put back on her trail when the Romeros intercept the master WITSEC list from the Justice Department and Hope is believed to be among the first protected witnesses targeted for execution. In a series of terrifying encounters, Larson matches wits with a brutally ingenious killer whose sole target is Hope Stevens. For Larson, the stakes couldn't be higher--he must find Hope in order to protect her and simultaneously prevent the mob from auctioning off the master witness protection list--an act that will put seven thousand innocent, and not-so-innocent, lives in jeopardy. Taut and edge-of-the-seat compelling, *Cut and Run* is a unique thriller that skillfully blends romance and suspense--Ridley Pearson at his heart-pounding best.

The Syndrome Ridley Pearson,2015-03-03 When Amanda travels east to Orlando on a hunch, she's met with the worst news possible. Kingdom Keeper Finn Whitman is missing. Calling on her own gift (she's telekinetic), her sister Jess's ability to dream the future, and their fellow Fairlie Mattie Weaver's unexplained ability to read minds through physical contact, the three gifted girls must navigate treachery, deception, and the stubborn, unwilling parents of the missing Keepers if they're to save their friends.

Hard Fall Ridley Pearson,2012-08-14 The tragic bombing of EuroTours Flight 1023 was big news. To FBI Agent Cam Daggett it was more than that. It was personal. His parents and son were on that plane. And for two years he's been after the killer who did it. All he has to go on is a name: Anthony Kort . . . and the knowledge that Kort is in the United States with a detonator no airport security can detect. HE MUST BE STOPPED. Daggett's colleagues at the Bureau and his girlfriend tell him his vendetta has become an obsession. They suggest he leave the investigation to other agents, in order to keep it objective. But having painstakingly constructed a portrait of the terrorist, Daggett believes he's now the only one with any chance of predicting Kort's next target. A novel of madness and revenge, *Hard Fall* begs readers to fasten their seatbelts.

The Angel Maker Ridley Pearson, 2012-08-14 Urban legend, or frightening fact? One of the better fictional detectives ever penned, Seattle's Lou Boldt, and forensic psychologist Daphne Matthews suspect illegal organ harvesting is behind recent assaults on teenage runaways. The trail leads them down dark streets and darker corners of the mind, as they find themselves pursuing a twisted surgeon with his own ideas of mortality and social justice. Packed with action, *The Angel Maker* takes the reader on a joy ride from Seattle's homeless to an abandoned homesteading cabin and kennel hidden away in the forests of the Northwest. Daphne Matthews, intent on rescuing a teenage runaway from the madman's scalpel, puts her own life on the line, finding herself face to face with the Angel Maker. Award-winning author Ridley Pearson carves out and serves up a thriller that will make you look twice at your local veterinarian. -- Book Magazine

No Witnesses Ridley Pearson, 2012-08-14 Product tampering. Innocent lives. Nice suburban homes. A Seattle food company is victim to an ingenious extortion that has the FBI two steps behind. Seattle's veteran homicide sergeant, Lou Boldt, and police psychologist Daphne Matthews approach the case from opposite ends: one unearthing microscopic evidence, the other putting together a chilling psychological profile of a man willing to contaminate and kill if necessary. The cop Daphne Matthews secretly loves is being destroyed by the extortion. Boldt sees his department cracking. As the high-tech manhunt builds to a furious crescendo, Boldt and Matthews are jolted again: the madman they're hunting may not be working alone . . .

The Academy Ridley Pearson, 2010-11-29 Steven Steel Trapp has been placed in an East Coast boarding school for gifted kids by his FBI agent father. He soon discovers that there's a clubby element of the faculty and upper classmen that is very secretive and protective. To his surprise, his friend Kaileigh arrives at the school, and it isn't long before the two realize that this is not your normal boarding school. It seems a select few students are recruited, while still minors, to serve as special translators for the US Government.

The Cave of the Dark Wind Dave Barry, Ridley Pearson, 2008 While Peter is away from the island, James and the other Lost Boys find a forbidden cave feared by the Mollusk tribe as the lair of a creature known only as The Goat Taker. Soon the boys, along with Shining Pearl and her sister Little Scallop, are fleeing through a terrifying underground labyrinth, chasing clues to an ancient, cursed treasure. Pursued by Captain Hook and his gold-hungry pirates, their only hope of survival is to solve the mystery of the cave of the Dark Wind ... (from back cover).

Excerpt: Dave Barry in Cyberspace is a best-selling humor book that was published by Ballantine Books in 1996. Written by Dave Barry, this book takes the view point of a computer geek who enjoys using Windows 95. The book covers (in a comical way) such topics as The History of Computing, How Computers Work, Software, and even mundane topics such as internet shorthand. The book starts out with what it calls A Brief History of Computing from Cave Walls to Windows 95 where it describes how certain aspects of computing (such as emoticons (hieroglyphics)) have existed for thousands of years. As the book progresses, it drifts off to some more sexual topics (in a more humorous than sexual manner). It talks about everything from Quicken to chat rooms and everything in between. It also has some fictitious excerpts from chat room conversations. The book ends with a fictional story from the second-person viewpoint of a married, stay-at-home mom and her gradual acceptance of and proficiency at using the family PC, especially surfing the internet through the AOL online service. Eventually, she meets an English teacher online, and the two develop feelings for one another. The story ends with them deciding they should meet in person, even though this potentially will change their lives forever. There has been speculation that this is a fictionalized retelling of Dave Barry's relationship with...
